Decoration candles

The world's most realistic LED Candle

These beautiful LED luxury candles are made from real wax making them hard to distinguish from traditional candles. The light output is virtually identical to a real candle, creating a beautiful warm fire glow, around the room.

LUXURY Wax LED Candles

- *with 4 function Remote Control (incl.)*
- *dimnable 3D flame*
- *with melted wax*

Art. nr. : CC-00500

Ø 7,50 cm x h 30 cm

Color : Ivory

Burning time :

Full Brightness : ± 190 hrs

Low Brightness : ± 360 hrs

Battery : 2 x D

Art. nr. : CC-00510

Ø 7,50 cm x h 15 cm

Color : Ivory

Burning time :

Full Brightness : ± 190 hrs

Low Brightness : ± 360 hrs

Battery : 2 x D

Art. nr. : CC-00520

Ø 7,50 cm x h 10 cm

Color : Ivory

Burning time :

Full Brightness : $\pm$ 75 hrs

Low Brightness : $\pm$ 150 hrs

Battery : 1 x D

Art. nr. : CC-00970

Ø 7 cm x h 70 cm

Color : Warm white

Life like 3D- flame

Ø 7,5 cm

Height 10,5 / 12,5 / 15 cm

Decopower Multicharger

The Sirius Decopower Multicharger is essential to the Sirius rechargeable range. It enables the lights to recharge when they are low on battery. The small LEDs on the multicharger indicates the battery level of your light. Once the LED has turned from red to green, your Sirius product is ready to be used once again. Make sure to slide the button of the multicharger to select the correct charging function before placing the rechargeable lights on.

Funeral candles

Electronic and solar candles

A modern, safe and ecological solution with LED light

- *on batteries or solar energy*
- *burn time longer than wax and paraffin candles*
- *moisture and wind resistant*
- *no fire hazard*
- *plastic wind cover*
- *made from PET material and does not contain chlorine*
- *high quality*

Electronic funeral candles (led-light) on batteries

Electronic funeral lights with built-in or replaceable batteries, with options up to 365 days of fire and in a sheath of PET materials

VD – candles

Electronic grave lights with built-in or replaceable batteries, with options up to 365 days of flame and in a sheath of PET materials

Can be used as a stand-alone or as an insert candle, suitable for most lanterns

Options: Red or yellow flame

- red flickering (S1)

- imitation of real (yellow) flame (S3)

SOLAR Candles

The candle of the future

VESTINA SOLAR

Revolutionary. Elegant. Environmentally friendly.

Vestina Solar is an ecological candle, powered with solar energy.

Place it in a sunny location so that the large solar surface is exposed to sunlight for at least 4 hours a day. In this way the rechargeable battery is sufficiently charged and the candle can burn throughout the night and in cloudy weather.

Burning time : 1000 days

Rechargeable battery , powered by solar sells

SOLAR Lanterne

A high-quality solar lantern burns continuously for up to 1000 days with the help of solar energy.

Its frame is made of metal, and the glass case is decorated with motifs with lighting symbols. The lantern works in all weather conditions : sun, rain and even snow.

It is an ecological, economical and sustainable alternative to ordinary candles, and in addition to its quality, it also represents a beautiful decoration in memory of the dearest.
